SUMMARY

Business Intelligence Analyst with 6+ years in analytics and reporting, most recently building executive workforce dashboards in Power BI and Excel for a US-based enterprise healthcare client (Ascendion | CVS Health). Writes SQL, cleans and structures data in Databricks, and builds star-schema models with DAX measures in Power BI. Cut recurring reporting turnaround from **~4 hours to under 30 minutes** by automating workflows with AI-assisted tools.

TECHNICAL SKILLS

BI & Visualization:	Power BI, Tableau, QlikSense
Data Modelling & ETL:	Power Query (M), star-schema data modelling, ETL, data cleaning & validation
Languages:	SQL (Advanced), DAX, Python (basic)
Cloud Data Platforms:	Databricks, Microsoft Azure
Spreadsheets & Reporting:	Excel (Advanced, Pivot Tables, VBA/Macros), Airtable, Smartsheet, monday.com
Enterprise Systems:	Workday, Clarity, HubSpot
AI & Developer Tools:	Claude Code, Copilot, VS Code
Documentation:	Confluence, PowerPoint

CORE COMPETENCIES

- Dashboard Development & Reporting
- Freelance / Client-Facing BI Delivery
- Business Process Documentation
- Campaign & Content ROI Analysis
- Trend & Pattern Analysis
- Stakeholder Communication
- Cross-Functional Collaboration
- Data Governance & Quality

PROFESSIONAL EXPERIENCE

Senior Business Intelligence Analyst – Workforce Analytics *Aug 2025 – Aug 2026*

Ascendion | Client: CVS Health | Bengaluru

- Built and maintained **5–7 executive dashboards** at a time in Power BI, Excel, Airtable, Smartsheet and monday.com, translating workforce data into clear, actionable insight that leadership used for headcount and organizational planning.
- Tracked reporting tasks and requests in monday.com, building board automations and status dashboards that kept work moving and visible to stakeholders.
- Wrote SQL queries to pull, join and structure workforce data across **~5,000 employees**, supporting recurring reporting accuracy.
- Cleaned and structured large-scale metadata in Databricks, catching duplicate records, mismatches and unmapped fields to improve downstream reporting accuracy.
- Automated recurring reporting workflows with AI-assisted tools (Claude in VS Code), cutting turnaround per cycle from **~4 hours to under 30 minutes**.
- Partnered cross-functionally with business and operations stakeholders (US-based enterprise healthcare client) to keep reporting accurate, timely and aligned to business needs.
- Translated reporting outcomes into practical, evidence-based recommendations and leadership-ready decks, including a revenue report built on **~36,000 records**.

Freelance Business Intelligence & Reporting Analyst *Feb 2024 – Aug 2025*

Multiple Clients | Remote

- Delivered Power BI and Excel dashboards for independent clients, translating raw data into recurring reports and executive-ready visuals.
- Documented business processes and requirements (process flows, workflow mapping) to support client projects and cross-team alignment.
- Provided marketing and content analytics for client campaigns, identifying engagement and lead-generation trends to inform strategy.

Content Analyst – Social Media Manager *Feb 2023 – Feb 2024*

BHIVE Workspace | Bengaluru

- Onboarded new clients booking workspace in **HubSpot**, tracking each enquiry through to a confirmed booking.
- Analyzed lead-generation channel data (WhatsApp, email marketing) and campaign performance, driving a **17% increase in leads** through data-backed targeting and messaging changes.
- Built and managed reporting dashboards tracking content impact, conversions and engagement, growing engagement and lead generation **30%** across Instagram, YouTube and LinkedIn.

Content Manager / Business Analyst *Nov 2020 – Feb 2023*

Ffreedom App (now Boss Wallah) | Bengaluru

- Onboarded business owners in **HubSpot**, from first contact to filming their business journey for a course.
- Analyzed audience and content performance data across platforms, contributing to scaling channels to **500K+ subscribers**; led a team of six.
- Optimized titles, tags and thumbnails using performance data to improve discoverability and click-through rate.

Technical Support Representative *May 2020 – Oct 2020*

Hinduja Global Solutions | Client: Accenture / Virgin Media (UK) | Bengaluru

- Provided technical support to a global client base (Accenture / Virgin Media UK) in a high-volume BPO environment, troubleshooting customer issues and escalating as needed.

Content Writer & Digital Publisher | Anchor *Mar 2019 – May 2020*

Pepper Media / Tamil Mojo | Bengaluru

- Tracked content performance and metadata across Sony SAB, Sony Tamil and Flipkart Video.
- Wrote for India Today News and anchored on-air segments at Tamil Mojo.
